1. Introduction:

A typical student who has registered for classes can login and view his assessments and the courses he has taken.

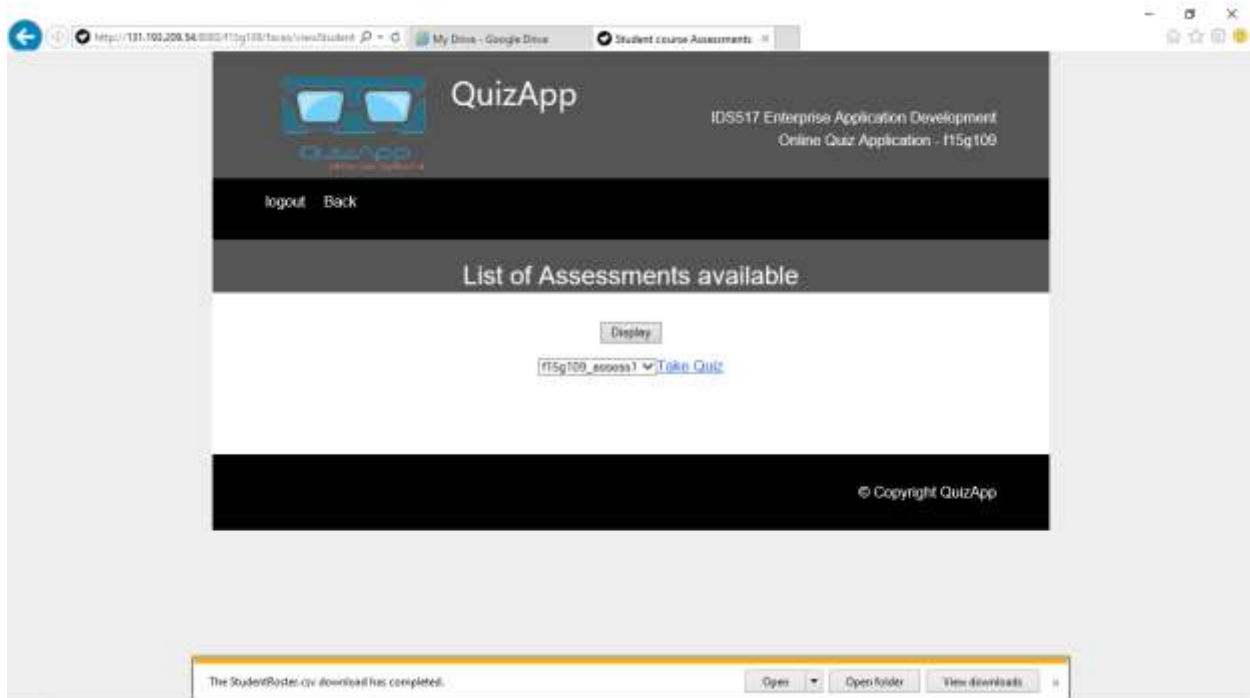

2. Student Home Page:

A student's homepage consists of options for him to view grades or assessments or the courses he has taken.

3.1 View Assessments:

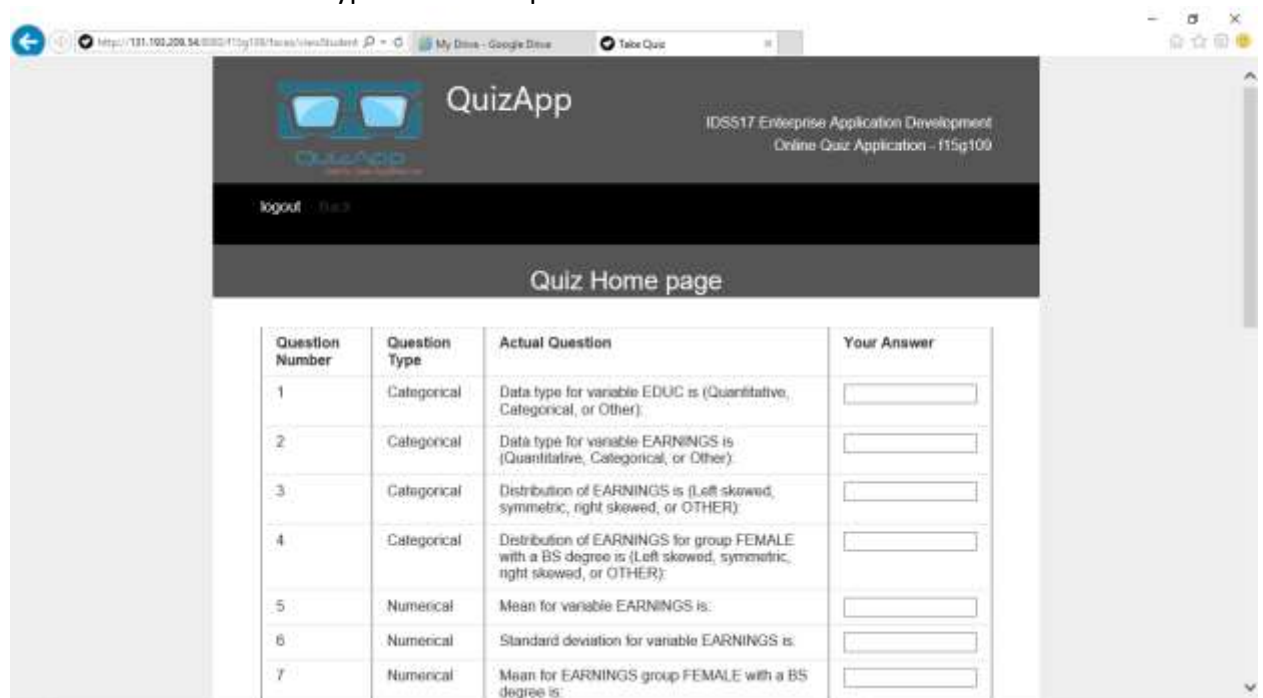

Clicking on View Assessments takes to the Student Course assessments page.

Click on Display. The assessments available are displayed.

3.2 Taking Quiz:

Select any one of the assessments and click on take quiz. The quiz is displayed. It has a text box where answers can be typed for each question.

After finishing the quiz, click on submit button. The marks of the quiz are displayed.

Q.No	Question Type	Question	Answer
14	Numerical	t-test statistic for EARNINGS group FEMALE with a BS degree assuming population mean to be mean of all data is:	0
15	Numerical	p-value for EARNINGS group FEMALE with a BS degree assuming population mean to be mean of all data is:	0
16	Categorical	At the 90% CL, does the mean of EARNINGS for group FEMALE with a BS degree differ from the population mean (Yes, No, Maybe):	0
17	Numerical	t-test statistic for EARNINGS group MALE assuming population mean to be mean of all data is:	0
18	Numerical	p-value for EARNINGS group MALE assuming population mean to be mean of all data is:	0
19	Numerical	t-test statistic for EARNINGS group MALE with a HS degree assuming population mean to be mean of all data is:	0
20	Numerical	p-value for EARNINGS group MALE with a HS degree assuming population mean to be mean of all data is:	0

5 View grades:

Click on View grades to see the results of quizzes already taken.

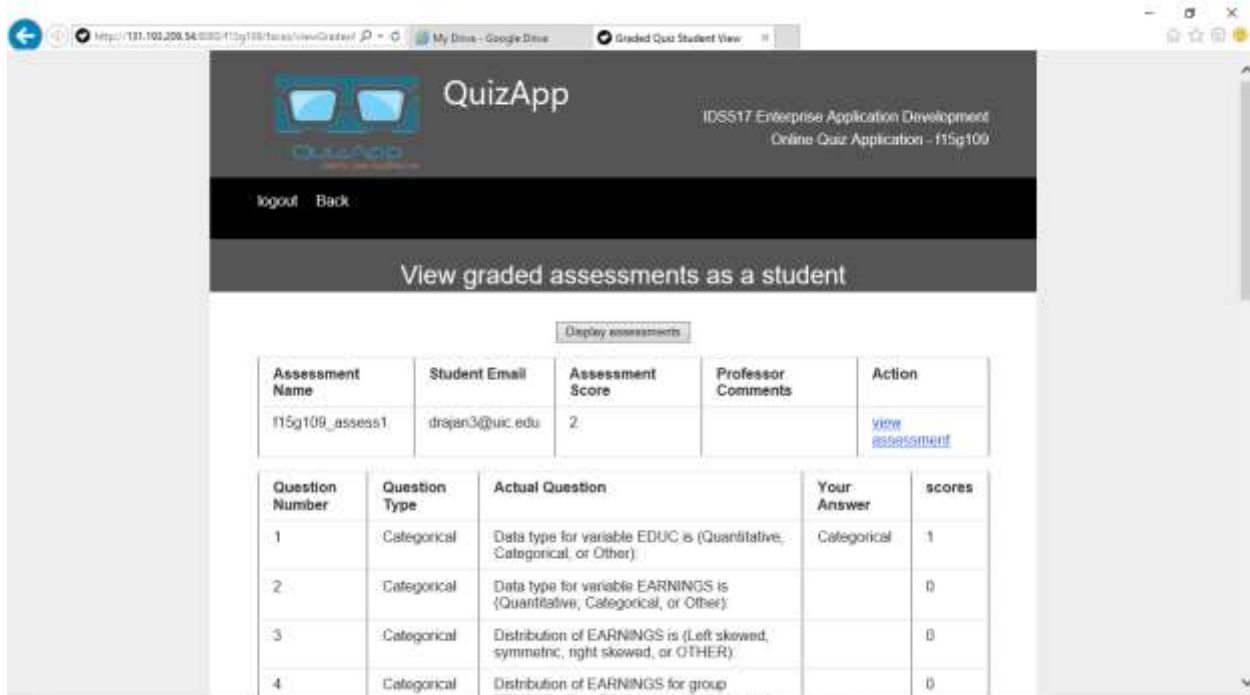

The screenshot shows a web browser window displaying the QuizApp interface. The page title is "View graded assessments as a student". The header includes the QuizApp logo and the text "IDSS17 Enterprise Application Development Online Quiz Application - f15g109". There are links for "logout" and "Back". Below the header, there is a section titled "View graded assessments as a student" with a "Display assessments" button. A table lists the assessment details:

Assessment Name	Student Email	Assessment Score	Professor Comments	Action
f15g109_assess1	drajan3@uic.edu	2		View assessment

At the bottom of the page, there is a copyright notice: "© Copyright QuizApp".

Click on View Assessment to view the answers.

The screenshot shows the same QuizApp interface, but with the "View assessment" link clicked. The page now displays the detailed view of the assessment "f15g109_assess1". The table lists the assessment details, and a "View assessment" link is available in the Action column. Below the assessment details, there is a table showing the questions and answers:

Question Number	Question Type	Actual Question	Your Answer	scores
1	Categorical	Data type for variable EDUC is (Quantitative, Categorical, or Other)	Categorical	1
2	Categorical	Data type for variable EARNINGS is (Quantitative, Categorical, or Other)		0
3	Categorical	Distribution of EARNINGS is (Left skewed, symmetric, right skewed, or OTHER)		0
4	Categorical	Distribution of EARNINGS for group FEMALE with a BS degree is (Left skewed		0
